Cosmetology Diploma
Greeley Campus

Training for a new career is a beautiful thing in the Cosmetology program – where creative, innovative students enjoy making people look and feel their best. Individuals gain valuable experience in the beauty field, both through lecture classes and hands-on practice. Students will perform dynamic coursework, and the diversity of the program allows learners to graduate with the knowledge to perform a vast array of cosmetic services – from head to toe.

Program Description
Students in the Cosmetology Program receive comprehensive instruction in the areas of hair, nails, and skin care services. Training will include both classroom and hands-on learning by working on models and guests in the Student Beauty Services Clinic. In addition to developing a strong foundation of safety, appropriate work habits, and business skills, students are prepared to take the State Board Examination and begin working in entry-level careers as Licensed Cosmetologists in a salon or spa after graduation.

Employment Outlook
According to the Bureau of Labor Statistics, the Cosmetologist occupation is supposed to grow as fast as average for all occupations by 2020 – an employment increase of 14%.

*These national statistics are not geographically assigned. For more information, please see IBMC’s Career Services Department.

Career Potential
Cosmetologists may be employed by/as: hairstylists, health spas, beauty spas, makeup artists, stylists, medical offices, salons, self-employed, or adult and vocational education teachers.
