Disclosure for All Prospective Students and Employees

In accordance with Federal Guidelines, all prospective students and prospective employees must receive the following information:

Drug and Alcohol Prevention
IBMC College, as a recipient of federal funds, is subject to the Drug-Free Schools and Communities Act Amendment of 1989 (Public Law 101-26), which requires the implementation of a program to prevent the use and abuse of alcohol and illegal drugs by student, faculty and staff.

During the admissions process, new students sign a form stating they have received a copy of the IBMC Drug & Alcohol Abuse Policy. The form becomes a part of the student’s academic file.

I. Background
The Drug Free Schools and Communities Act Amendment of 1989 (Public Law 101-26) places additional requirements on institutions of higher education as a condition for receiving federal financial aid. To be eligible to continue receiving such funds, or any other form of financial assistance under any federal program, an institution of higher education must certify that it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by its students and employees on College premises or as part of any of its activities. Failure to comply with this requirement on the part of IBMC College could result in immediate suspension and possible termination of all federal financial assistance to IBMC. The policy is applicable to all students and employees of IBMC.

II. Statement of Policy
It is the policy of IBMC College to prohibit the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance or alcoholic beverage during College time on College premises or other sites where students or employees may be assigned.

The term “controlled substance” as used in this policy means those substances included in Schedules I through V of Section 202 of the Controlled Substance Act, and as further defined by regulation 21CFR 1300.11 through 1300.15.

The following exclusion applies to this policy: Prescribed drugs are permitted when used in the manner, combination and quantity intended, unless performance could be affected. Students and employees who must use an over-the-counter or prescription drug that causes adverse side effects or that may affect the ability to perform in a safe and productive manner must notify the Vice President of Education (students) and/or the Campus President prior to use.

III. Legal Sanctions
The Federal Controlled Substances Act specifies for a first offense, the individual involved in the unlawful manufacturing, distribution or possession with intent to distribute narcotics, a prison term of not less than 10 years or more than life imprisonments, and a fine of up to $4 million, or both. The penalty for simple possession, knowingly, or internationally possessing a controlled substance, is imprisonment up to one year and minimum fine of $1,000, or both. Penalties for unlawful distribution of a controlled substance to a person younger than 21 years of age is imprisonment for a fine, or both, up to twice that established for distribution offenses.

The Colorado Criminal code relating to controlled substances (Title 18, Article 18) establishes penalties for the unlawful distribution, manufacturing, dispensing, sale or possession a controlled substance ranging from six months imprisonment or $500 fine, or both, to 16 years imprisonment and/or $750,000 in fines, depending upon the classification of substance. Penalties manufacturing, distribution and possession of alcoholic beverages range up to one-year imprisonment and/or up to $5,000 in fines, or both.

Local ordinances for cities of Fort Collins and Greeley relating to illicit drugs and alcohol coincide with the state of Colorado statutes.

Wyoming State Section 35-7-1031 relates to controlled substances an establishes penalties for the unlawful manufacture or delivery of counterfeit substances an unlawful possession. Depending on the classification of the controlled substance, penalties can range up to 20 years in prison and $25,000 in fines.

Cheyenne Municipal Code Chapter 9.20 relates to Controlled Substances and incorporates Wyoming State Statutes. Wyoming Statute Title 12, Chapter 8, provides penalties related to alcoholic beverages. A misdemeanor is punishable by a fine of not more than $750, imprisonment for not more than six months, or both. Students and/or employees (full- or part-time) who violate the standards set forth under the IBMC Drug & Alcohol Abuse Policy will be subject to disciplinary actions. Sanctions include, but are not limited to: reprimand, probation, suspension, expulsion, termination and/or referral to the appropriate authorities for prosecution. This further action may also include a loss of financial aid.

IV. Health Risks

Health risks associated with drug and alcohol abuse encompass physical and psychological effects, including but not limited to: malnutrition, brain damage, paranoia, psychosis, hepatitis, convulsion, coma, depression, heart disease, death, cirrhosis of the liver, damage to the Central Nervous System, elevated blood pressure, respiratory failure, low birth weight babies with drug/alcohol addictions, and an increased probability of intravenous drug users contracting HIV/AIDS. It is recommended that anyone having specific questions relating to health and drugs/alcohol consult a physician.

**For 2011 and 2012, the College was not required to report or collect crime statistics related to domestic violence, dating violence and stalking and therefore does not have these crime statistics. For this reason, these categories are shaded in gray in the above chart.**

**None of the IBMC College campuses had a hate crime based on any type of vias reported in 2011, 2012 and 2013.**

**Additional Notes:**

None of the IBMC College campuses has “on-campus student housing facilities” or “non-campus property.”
