

Associate of Occupational Studies Degree
DENTAL OFFICE ADMINISTRATION
 Program available at the Longmont campus

Dental Office Administration is a versatile field that provides individuals with the opportunity to work in the fast-paced clerical and clinical sides of a dental office. In this position, you will support the dentist and deliver high-quality care to patients. Whether checking patients in for their appointments, assisting with chairside dental procedures, or tactfully interacting with insurance companies, a Dental Office Administrator performs a range of dynamic tasks. Students in this dental degree program are taught to ensure that day-to-day dental office operations are run efficiently and effectively.

Program Objective

This program is designed to provide students with the skills and knowledge that will qualify them for entry-level positions as Dental Office Administration professionals. Dental Office Administration students are trained in administrative, business and clinical procedures.

The degree program offers training in dental assisting techniques, dental sciences, dental materials, dental radiography, specialty practices, office management, as well as business and accounting skills and general education classes to ensure solid administration knowledge is gained for success in the dental field.

Students complete a 5-week externship and graduate from the program eligible to sit for the Registered Dental Assistant Exam. The Registered Dental Assistant examination is administered by the American Medical Technologists (AMT), which is a nationally and internationally recognized certification agency and membership society for medical professionals.

Employment Outlook

According to the Bureau of Labor Statistics, the occupation of Dental Assistants is projected to grow much faster than the average of all occupations through 2024 — **an employment increase of 18%.***

**These national statistics are not geographically assigned. For more information, please see IBMC's Career Services Department.*
