SERVICE DESCRIPTIONS SWEDISH RELAXATION MASSAGE

One of the most popular massages that uses a light to moderate pressure, and long flowing strokes to enhance relaxation and help eliminate stress.

NEUROMUSCULAR DEEP TISSUE MASSAGE

A Swedish massage that uses deeper pressure and more focused treatment to help relieve chronic pain. Deep tissue work uses a variet of range of motion and pressure point therapies to reduce scar tissue, increase circulation and improve injured areas.

SPORTS STRETCH/MASSAGE

A massage modality used to prevent athletic injury, enhance flexibility, aid in post event recovery time, stimulate circulation to muscle and connective tissues. Sports massage uses a variety of therapeutic massage modalities, range of motion, traction and stretching techniques.

FOOT REFLEX PRESSURE POINT THERAPY

Swedish massage for the feet the incorporates Reflexology pressure points. Reflex therapies improve organ health, increase overall circulation and relaxation throughout the body. 60 minute services includes hands, scalp, ears and a hot towel treatment on the feet.

SHIATSU FACIAL TONING WITH SWEDISH MASSAGE

A customized Swedish full body massage with added Shiatsu pressure point therapy to the face, neck, arms and scalp to stimulate collagen production, enhance bloodflow and promote facial toning. Includes a hot towel treatment with contrasting cold stone application.

CHAKRA MEDITATION DEEP TISSUE THERAPY (120 MINUTE SERVICE)

A combination of guided Chakra meditation balancing and deep tissue massage along the back and hips that also includes a signature Chakra aroma blend. This treatment is further enhanced by hand, foot and ear Reflex point therapy, a hot towels treatment for the feet and hot stone placement.

PREGNANCY MASSAGE

Must be in 2nd or 3rd Trimester & not be high risk or have had prior complications with pregnancy. Swedish relaxation massage that focuses on stress relief for mother and baby. Uses light to moderate pressure while in side-lying or supine position.

THERAPEUTIC CUPPING WITH SWEDISH MASSAGE

Cupping uses a vacuum-like technique to draw toxins and other stagnant fluids to the surface of the skin for elimination. It is an effective method of treating a variety of diseases and disorders: like bronchitis, headaches, soreness and even cellulite. This treatment along with Swedish massage, gives your body a thorough healing advantage. Cupping does cause bruising that can last 10-14 days. It is not performed on anyone using blood thinner medications or having blood bleeding disorders, anemia, open wounds, skin rashes or damage.

Please note:

· Not all services are available at all times with all therapists.

GRADUATE MASSAGE PRICES
